

# MINI-BRIDGE

**Learn to play Mini-Bridge in one FREE two-hour session.**

**What is Mini-bridge?** Basically, bridge without the bidding. But it incorporates all the principles of bidding, and all the actual techniques of play and defense.

A free Mini-bridge class will be held at the **Oregon Trail Regional** on Saturday February 21, from 10 am - noon.

**Where? At the Vancouver Hilton,  
Vancouver Washington.**

**When? Saturday February 21, 10 am - 12 noon.**

Great opportunity for anyone new to bridge: children, teens, adults, families, plus teachers and any bridge player who wants a fun and easy way to introduce anyone to our wonderful game. A great way to start your children and grandchildren playing bridge.

*Mini-bridge was first played in Holland where it was developed as an introduction to bridge for school children. It was quickly found to be very effective, not just for teaching youngsters, but for adults as well. And it turned out to be a very good game in its own right. Not surprisingly then, it has spread like wildfire - into many parts of Europe and no doubt other parts of the world as well. In England, Mini-bridge is now the English Bridge Union's recommended route into bridge for all beginners.*

**Class given by Busaba Williams of Hawaii, an expert on introducing school children to bridge.**

**Bridge teachers:** Before the Mini-bridge presentation, please join Karol Monroe, D20 Education Liaison, 9:00 - 9:45 am, Saturday February 21, for an informal get-together to discuss teaching programs and successes. She can be reached at [D20edu@pinerystreet.com](mailto:D20edu@pinerystreet.com)
